FOREWORD

These years which we spend in high school are perhaps the most significant in our lives. For it is here that we build the foundation of our futures. We experience the development of our minds, our bodies, our beliefs, and our attitudes toward life. We form lasting friendships and associations. Indeed our future lives are molded during these five years.

They are active times. We have parties, clubs, games, and other functions, in addition to studying. We have many big moments, the successes and failures, surprises and disappointments, good times and bad.

We try to make the yearbook a complete record of the events of our high school career. It helps to keep those precious moments which we never wish to forget always fresh in our minds. Each time we look over the annual we shall relive those events. For that reason we have chosen the theme, "*We Shall Always Remember.*"

MISS JOSEPHINE CLEMENTS

DEDICATION

We have long come to depend on one here at Hermitage who has been of indispensable service. Through the years, she has become known to all of us by doing much more than just her required duties, continually helping others, and thus making our days run more smoothly. It is in recognition of this service and with sincere thanks that we dedicate the 1958 Panthian to "Jo," Miss Josephine Clements—secretary, advisor, and friend.

As one of her "extra" duties, Jo writes out a receipt as Claudia Cunningham turns in club money.

Always busy, Jo checks the drink machine in the teachers' lounge.

The camera catches Miss Clements in a moment of relaxation during the Christmas holidays.

Lunch provides a brief respite from work as students relax and eat.

WE GATHER TOGETHER INFORMALLY

When books get too heavy Don Terrell lends a helping hand to Betty Morris.

Couples gather by the lockers for a brief chat before class.

Leisure time is filled with diversified entertainment when students meet for a short game of checkers.

Students stuff already crowded lockers as they end the school day.

Beverly Teachey stops for one last drink as Bobby Cutts holds the water fountain for her.

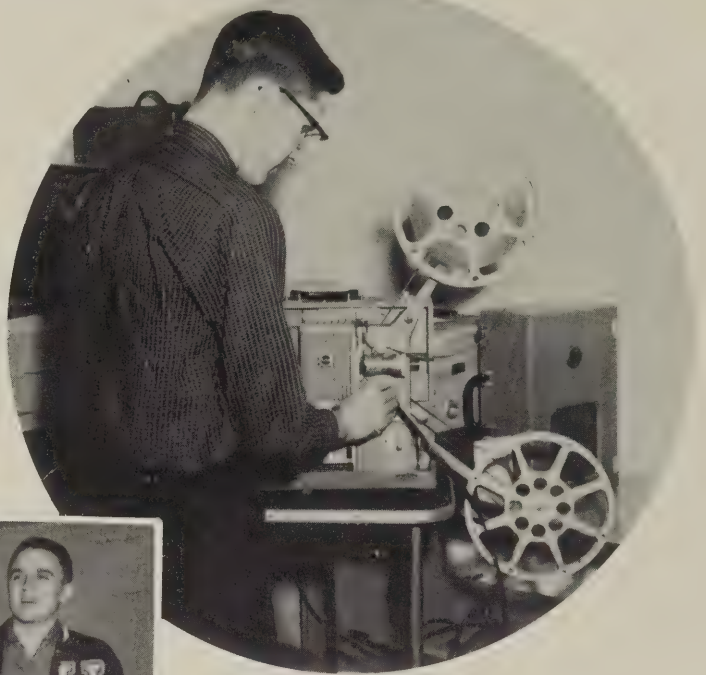

AT SCHOOL OR ON VACATION

During a three day vacation, Hermitage students, Johnny Phifer, Annette Haas, and Buddy Melton enjoy fun in the snow.

TO PREPARE FOR SCHOOL ACTIVITIES

Stan Childress adjusts the projector in preparation for an instructive movie.

It's hoops and fun for Sonny Binns, Ann Grubbs, Jackie Willingham, and Butch Miller as they "get the feel" of the figure to be performed at the Winter Carnival.

During halftime at an exciting game, members of the Business Staff of the Panthian sell drinks to raise funds for the yearbook.

During a pep rally the students are led by the Varsity Cheerleaders in songs and cheers.

WHICH GIVE PLEASURE AND ENJOYMENT

"The party's over" and the couples leave with fond memories and tired feet.

Jane Grubb packs the kiln with newly made figures while Connie Gonie continues work on hers.

ART, SPEECH, AND MUSIC GIVE DIVERSION FROM

Jean Hastings puts to practice what she has learned about correct delivery of speeches.

Sue Walker and Guy Trolinger practice a new number which the Junior band will play.

Judy Armstrong and Earl Guthrow observe the results of their experiment with zinc and sulphur.

THE SCIENCES, THROUGH WHICH WE GAIN TECHNICAL KNOWLEDGE

Alice Hall and Carol Richardson compare pyramids in their Solid and Trig. Class.

While studying the human Marie Bragg playfully listens for heartbeat of a model.

Bills are in the making as seniors proceed with another day of Congress, a regular part of the year's work in government.

WHILE SOCIAL STUDIES AND LANGUAGES PROVIDE BETTER UNDERSTANDING

Doug Edwards, Diana Copple, and Joyce Sheehan, learn about the dress and customs of the Spanish by examining their costumes.

Buddy Gordon examines the project submitted by Bobby Smith in his history class.

Trying to master an abstruse drawing, Buck Stuart works diligently in mechanical drawing class.

In his shop class, George Weis trims a board to make it fit firmly in its place.

AS INDUSTRIAL ARTS, MECHANICAL DRAWING, BUSINESS AND HOME ECONOMICS FURNISH PRACTICAL EXPERIENCE FOR THE FUTURE.

Carolyn Helton demonstrates the use of modern business machines to June Rogers.

Jackie Locke and Shirley Mason sample the fudge that they and other F.H.A. members sold to raise additional funds for the club.

Features at Hermitage provided entertainment for the students. It was found in many activities—plays, music programs, dances, and other performances.

Students, upon giving their time and effort, found that under the supervision of faculty members they not only discovered hidden talents in acting and backstage work, but found real enjoyment in their participation.

By taking part in chapel programs and assemblies as well as music festivals and plays, the music department showed that they had real ability and interest in the enjoyment of all. They took part in performances open to the whole community such as the Christmas programs in addition to presentations here at school.

The annual and most important formal dance of our year was held in February, and the long hours of practicing were well rewarded by the success of the Winter Carnival.

Their real interest in the activities was well rewarded later by the satisfaction felt in a job well done.

CHRISTMAS PAGEANT

"Behold!" the angels said to one another.

Hermitage students presented the Christmas Pageant, "The Holy Grail," on December 15, 1957 for the school and community. There were two performances of the inspiring pageant, directed by Mr. Bruce Johnson who spent much time casting and perfecting the play.

David Scruggs narrated the story which concerned King Arthur's search for the perfect gift, who was a pure knight, Sir Galahad.

The A Capella Choir, under the direction of Mrs. Graybeal, added a touch of beauty to the story by singing Christmas carols in the background.

For a time they knelt in adoration while the air was filled with heavenly singing.

One by one he touched them with his sword, and they went away with strong, swift strides.

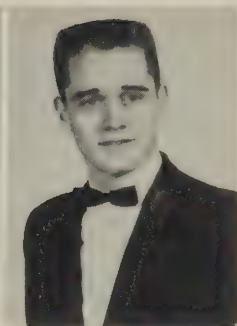

Galahad knelt before the altar and stretched forth his hands to pray.

The success of the assemblies depends on the reaction of the student body.

ASSEMBLIES

Music, chapel, initiations, election speeches, and safety programs were some of the assemblies attended by the student body. These regular programs constituted a part of the daily school life. Through the cooperation and sincere efforts of faculty, student organizations and visiting speakers, the assemblies were sometimes enlightening, sometimes humorous. Students displayed feelings of appreciation and enjoyment.

By their educational value and true spirit of helpfulness that prompted them, these assemblies brought benefits to all.

"Go with Joe" is the motto Joe Taylor uses while campaigning for vice-president of the SCA.

A surprised Diana Copple feels the impressiveness of the Honor Society Assembly as she is tapped.

During the campaign assembly, David Scruggs shows the qualities possessed by his candidate for president.

Students enjoy celebrating a victory after an exciting basketball game at a dance sponsored by the band.

DANCES

Joyce Sheehan, the first Key Club Sweetheart, is congratulated by David Jordan and Richard Abernathy.

Ann Duke is crowned Football Queen by Rex Collins, Hermitage's most valuable player.

Annette Haas and J. D. Davis enjoy dancing at the hop.

There are many organizations at Hermitage and all of them give the members a great opportunity to broaden their outlook on life. These organizations helped their personalities, helped them to meet and get along with others, and encouraged them to do the things that would help attain valuable experience in any undertaking.

There was work to do in each organization but the fellowship which existed among the members made it enjoyable. There was time also for plays, parties, picnics and dances which helped to make the social life something to remember.

There were times when we found ourselves with two club meetings scheduled for the same hour. When this happened, the students were busy making decisions as to which meeting to attend; whether it be the one he thought most important or the one he liked best.

These things seemed hard at the time, but we look back on all of them now and laugh with enjoyment.

STUDENT GOVERNMENT IN ACTION

The officers trim the Christmas tree in the main hall.

The Student Cooperative Association is the governing body of Hermitage. It charters most clubs and school organizations, acting as a link between the faculty and the student body.

During the year the SCA officers and the student council, which consisted of one representative from each homeroom, met every two weeks to discuss and make plans for school activities. As their major project they decided to raise money for a foreign student, who would spend the 1958-59 school year at Hermitage. To do this they sponsored such things as a Hunting Season Dance, a bake sale, the one act plays, the Winter Carnival and Stunt Night.

The SCA also sponsored other projects for the students. Before the T.J. football game they held a car decorating contest and at Christmas a door decorating contest.

In February, after a week long campaign and an election, new 1958 officers were installed. They took over the jobs of old officers and worked with the sponsors, attending the State SCA convention to gather new ideas for the organization. They strived throughout the year to stress the SCA motto and to truly have "Progress through Unity."

Barbara Brown casts her vote in the election for SCA officers.

A year of hard work for the Yearbook Staffs was climaxed with the distribution of the 1958 Panthian. Both the editorial and business staffs labored from the spring of 1957, when plans were drawn, until the final deadline was met in late February.

Several changes were made in this year's book. A summer supplement was created to allow coverage for events coming in the latter part of the year. The contents were altered to focus more attention on school life, eliminating unnecessary features.

To raise money for the Panthian, which costs approximately \$5,000, subscriptions were sold, ads were solicited, and staff members sold cokes at basketball games.

PANTHIANETTE

The relatively small newspaper staff worked hard to publish fourteen issues of The Panthianette.

This year for the first time the staff was divided into two groups—editorial and business.

The business staff worked during the summer and early fall to solicit ads from the local merchants, and they sold subscriptions to the student body.

The editorial staff was responsible for writing and planning the paper; they were assisted in the writing aspect by members of the combined journalism junior English class.

In the spring the class put out one issue on their own, gaining experience for the work they would be doing next year.

To supply the student body with worthwhile reading material was the ever present watchword of the 1958 Penman staff. The theme of the 1958 issue, to develop creative interests and abilities, flourished this year as never before.

As in previous years the Penman consisted of contributions submitted by outstanding students of the eighth through the senior grades; the final editing, copy work, lay-out and designing were done by the staff, to develop a superior publication.

To give more students a chance to see their work in print, the Penman was a biennial publication, one issue printed in winter and one in spring.

NATIONAL HONOR SOCIETY

Oh's and ah's filled the still air as the National Honor Society tapped its new members during a solemn and impressive assembly.

Being received into the National Honor Society was a very great honor since each student recognized had to meet the qualifications upheld by the society. Each member had to have a B average and possess qualities of leadership, scholarship and character.

Much to the delight of all the members of this club, a new Honor Roll Scroll had to be made to accommodate the many names of students having honor roll grades. The club has undertaken the project of the honor roll for several years.

At graduation they presented a scholarship key to the senior with the highest scholastic average.

After the fall and spring tappings, an initiation party was held for the old and new members.

NHS MEMBERS: *Seated:* Alice Hall, Joan Ruth, Judy Ferguson, Diane Light, Diana Copple. *Standing:* Earl Guthrow, Judy Sydnor, Lou-Bette Herrick, Pete Pettit, Lucille Stone, Ginny Hodder, David Jordan.

QUILL AND SCROLL OFFICERS: Irene Shanks, Vice-President; Barry Mann, Treasurer; Judy Ferguson, President; Charlene Barnes, Secretary.

QUILL AND SCROLL

The Quill and Scroll, a national organization, honors the students who have shown outstanding ability on the yearbook, newspaper, and literary magazine staffs.

This year, for the first time, two tappings were held. One was in the fall to give the eligible seniors more time to be a working part of the organization. The second tapping took place in the spring for those meeting requirements later in the year. A "B" average must be maintained by those students being tapped. Each literary group had special requirements and the sponsors recommended those who were most worthy.

After each tapping, a party was held for the old and new members to get acquainted.

Meetings were held twice a month for the group to carry on their business.

A most eventful and exciting year was enjoyed by the members of the Hermitage Hi-Y during 1957-1958. Activities began when they played a football game with the Key Club.

A league of Hi-Y basketball teams in this area was formed and the Hermitage members enjoyed a successful season. They also attended the YMCA regularly as another part of their program.

Three representatives participated in the Hi-Y Model General Assembly, and the whole club attended the district convention. Another club project was to sponsor two dances.

Charities and the needy were not left out of the Hi-Y plans for the year. They canvassed for the Muscular Dystrophy Drive and collected Christmas baskets for the needy.

The many varied experiences offered in the Hi-Y fellowship, charity work, and social functions were enjoyed by its members.

At The Charter Night Banquet, David Jordan receives the secretary's kit.

KEY CLUB

The date September 26, 1957, brought a new and important service club to Hermitage. On that date the Key Club held its Chapter Night Banquet. The organization takes in sophomore, junior and senior boys having the qualifications of scholarship, character and potential leadership.

One of the main activities they sponsored was the Sweetheart Dance at which time the Key Club Sweetheart was crowned. This girl had to possess all the qualities that a boy would wish for in a sweetheart.

To carry out two of their main purposes: to serve the school and community, and to obtain experience in working together, they prepared a Thanksgiving basket; a Christmas basket was filled with food, clothes and toys and presented to a needy family in the community. The boys also participated in other services such as the Muscular Dystrophy Drive, the selling of school locks at the first of the school year, and the selling of tickets for athletic events. They attended church as a group once a month.

KEY CLUB OFFICERS: Richard Abernathy, President; David Jordan, Secretary; Skipper Donahoe, Vice-President; Kenneth Pugh, Treasurer.

Y-TEENS SERVE, HAVE FUN

Y-Teens Triangles I and II began early in the year to carry out their purpose, to encourage girls to grow in friendship with people of all religions and nationalities and in the knowledge and love of God. The two clubs with a joint membership of 100 girls performed service deeds as well as furnishing many social functions.

A week of initiation followed the taking in of new members in the fall. A pajama party climaxed the fun, with the pledges becoming regular members.

In November both triangles attended the National Vesper Service held annually in Washington. They chartered a bus for the trip.

The girls participated with other clubs in the Muscular Dystrophy Drive and the collection of Christmas baskets for needy families. To raise funds for their treasury they sold potato chips in the spring.

Individually the clubs were also quite active. Triangle I, among its other functions, played the Hi-Y in basketball. Girls in Triangle II gave a Christmas party for Negro children at the Educational Therapy Center.

Refreshments become a regular part of the meeting's activities.

Members of Y-Teen I attend a local church for services.

The initiation proves to be an hilarious experience for the new members.

Informal meetings for both triangles are held in one of the classrooms.

KNIGHTS OF THE BLACK PANTHER

OFFICERS: Tommy Wells, Program Chairman; Bob Guinn, Project Chairman; Pete Pettit, Chaplain; Buck Stewart, Secretary.

Knights of the Black Panther, a newly organized club, had as its projects throughout the year service for the school and the promotion of school spirit.

In keeping with that idea, this club, composed of 15 boys, marked off parking places around the school, delivered the mail to the office and cleaned around the shrubs on the school grounds. Also, a party was sponsored by this club after one of our football games.

The Knights designed their own club emblem and had the Greek words IOTA MU PI put on their jackets.

A most interesting part of this club was their Knight and Squire System. New members accepted into the organization were known as Pages and by service to the club worked their way up in rank. Further steps in carrying out this system were taken by requiring the boys who were being initiated to dress as knights, squires and page boys would have dressed in medieval days.

PEP CLUB

Jean Hastings, Steve Barnes, Dickie Anderson and Barbara Hodnett proudly pose with pom-poms they helped to sell.

Dances ranging from a bop to a waltz were seen at the community house on Thursday nights, sponsored by the Pep Club.

During the past years at Hermitage, this club has worked hard to foster and maintain a lively school spirit, not only by helping themselves, but by helping all their fellow students.

As in previous years, the sale of programs at football was the main source of revenue. Pom-pom shakers, made in school colors, and chrysanthemums were also sold. Other activities included saving Ideal wrappers, preparing a Thanksgiving basket for the Social Service Bureau and giving Christmas gifts to the Educational Therapy Center. Their entry in the car decorating contest received recognition for being the "Most Original."

Earle Mae Dunaway sells a football program, one of the club's projects, to Jerry Smither.

PEP CLUB OFFICERS: Janet Ford, Historian; Judy Armstrong, Vice-President; Barry Mann, Treasurer; Anne Atkinson, President; Ann Garnett, Secretary.

FUTURE BUSINESS LEADERS OF AMERICA

Patricia Doswell, and Delores Ayers manage the supply room, one of the FBLA projects.

The Future Business Leaders of America is a club formed for the purpose of fostering better business relations in the school and training better business men and women through actual office practice.

This service club, composed entirely of business students, has upheld its purpose of learning through practice by selling supplies, being office assistants and student assistants to the business teachers, by doing typing for teachers, and selling pennants and dolls to raise money.

They have shown themselves to be capable of play as well as work by sponsoring a highly successful sock hop honoring the football team and a football queen. During the initiation new members had to dress first as improper business leaders and the next day in the proper manner.

Through the practical application of learning acquired in their business classes, they strived to build real business leaders for the future.

FBLA OFFICERS: R. Randall, *Assistant Reporter*; B. Cary, *Parliamentarian*; B. Morris, *Reporter*; D. Terrell, *Vice-President*; P. Bevell, *President*; R. Smoot, *Secretary*; L. Bishop, *Treasurer*; B. Childress, *Historian*; P. Bybee, *Assistant Secretary*; J. Cauble, *Chaplain*.

"To cultivate personality, character, and leadership" was the main objective of the George H. Moody Chapter of the Future Teachers of America. Certification requirements, standards, training, and cost and the number of years required in order to teach were important factors for the members to consider as a first step toward a teaching profession. Studying the lives and influences of great teachers was both helpful and interesting.

The members made further preparation by vis-

iting elementary schools, first to study the teacher's methods and then they later returned to gain actual experience in teaching the small children. Experience was also obtained by substitute work within our own school.

As a special interest for the school the members sponsored movies for assembly programs and a citizen of the year contest with the winner announced in the final assembly of the year.

Licking spoons between cooking batches of fudge was a delight as the girls in the FHA made candy which was sold to make money for the club.

To help individuals improve personal, family and community living now and in the future was the purpose of these 131 girls who had taken or were taking home economics.

In the fall, the FHA sponsored a "Get Ac-

quainted Dance" to which the girls invited the boys. The members acquired the true spirit of the holiday season at Christmas by adopting a family.

In the springtime, the FHA prepared a Mother-Daughter Banquet. FHA Week and Rally Day brought the aims of the club before the entire school. A Rose Ball Dance for the Cancer Benefit was sponsored by the club and proved to be a real success.

FUTURE HOMEMAKERS OF AMERICA

JUNIOR RED CROSS

An enrollment for Service Drive was held in November, beginning a busy year for the Junior Red Cross. Contributions of \$101 were successfully collected from the students. At Christmas this group of fifty-four visited McGuire's Hospital. The representatives baked cookies, cakes, and brownies to serve the patients in addition to filling stockings for them.

In February, a Leadership Training Center was held for all the county high schools. Two students at Hermitage taught classes there.

Bringing honor to the chapter was the election of a Hermitage student as President of the County Chapter Council. Also, a Hermitage student was Chairman of the County Disaster Team.

Near the end of the school year, Hermitage Junior Red Cross took part in the International Art Program. Seeking to help foreign countries understand the young people of America, students painted pictures depicting the American way of life. These pictures were displayed at a downtown department store before they were sent overseas.

Two Hermitage students go to the chapter house to do volunteer work.

EXPLORING THE LANGUAGES

Les chansons, las canciones, cantūs—songs, costumes and plays brought to life through the French Club, Spanish Club and Latin Club. These clubs were organized for students who wanted to become more familiar with the countries and customs of the languages they were studying.

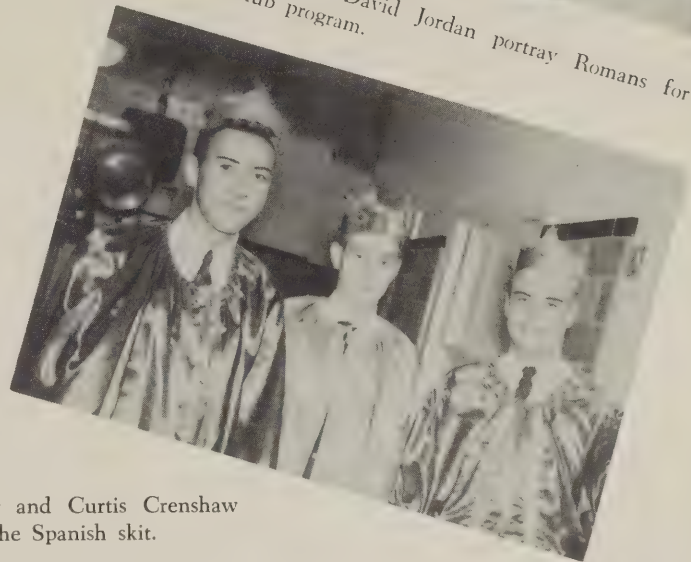

Conducting most of their meetings in French, Spanish, or Latin and entertaining guest speakers helped the members of the clubs speak more fluently and better understand the language and the people.

The three clubs combined to enjoy the entertainment of the picnic and language party. At the party, each club took part in the program by presenting skits. The skit given by the Spanish Club was based on the Christmas customs of the Spanish speaking countries. The characters in a play taken from the poem "The Night Before Christmas" were portrayed by the French Club. A typical school day in Rome was presented by the Latin Club. The banquet and focus week demanded more preparation and proved the students knew much about the countries and languages they had studied.

At the end of the year, the clubs gave awards to persons having the highest average in each language.

Charles Royer and David Jordan portray Romans for the Latin Club program.

Marshall Hansen, Edwin Meyer and Curtis Crenshaw await their entrance as kings in the Spanish skit.

CHRISTIAN YOUTH LEAGUE

I Corinthians was one of the books of the Bible studied by the CYL at its meetings each morning before the opening of school. Through these meetings the students gained strength from God's Word for the day through short devotions, songs, and prayer.

This organization was an interdenominational group which presented various types of programs which ranged from brief devotions to Bible studies

and outside speakers. The speakers were ministers of the surrounding churches of Lakeside, missionaries, directors of religious education, laymen and women.

The most important activity was the Union Christian Youth League Banquet, held in May each year, with the Leagues of other county and city high schools.

4-H

Electricity was the main topic studied by the Hermitage 4-H Club this year. In keeping with the motto "To Make The Best Better," the members strove to learn ways of getting the most out of electricity and to have a better knowledge of it. As a money making project, the members held a rummage sale.

Through the International Farm Youth Exchange, outstanding members were sent in exchange for foreign students to live on farms in other countries.

To encourage members to enter contests, college scholarships were given to the national winners.

SAFETY COUNCIL

Made up of students from other clubs interested in safety at school, at home, and on the road, the Safety Council did much work to emphasize the importance of safety. In keeping with their name and purpose, this council sponsored safety week at school.

During the week a wrecked car was placed on the school grounds to remind the students to drive carefully and avoid accidents. Pamphlets on safe driving were distributed. Also to further this interest, a Mr. Safe Driving contest was sponsored.

SAFETY COUNCIL: *Seated*—Shelia Petera, Robinette Randall, Rosanne Talley, Suzanne Boswell. *Standing*—Joe Taylor, Sonny Binns, Bry Hovey, Danny Crooks.

BULLETIN BOARD COMMITTEE

The Bulletin Board Committee was responsible for the posters and bulletin boards found in the halls this year. The members greatly publicized sports, parties, and other events in many clever manners.

Through the interest they generated by these displays, the committee was able to help many of the school clubs in drawing attention to their activities. All of their art work was completely original.

MUSIC DEPARTMENT HAS ACTIVE

To promote and maintain interest in all types of music as well as to enjoy and understand them was the main objective of the Music Department.

The Boys' Glee Club and Girls' Glee Club participated in many school assemblies, one of which was a Christmas program. Singing in various churches helped them gain valuable experience.

This completed the second year for the A Capella Choir, a more advanced and experienced class of vocal students. They were seen singing for school chapel programs, special music assemblies and in community churches. Providing the music for "The Holy Grail," the Christmas Pageant, the group contributed a great deal towards its success. Another function of the Choir was entertaining at McGuire Hospital.

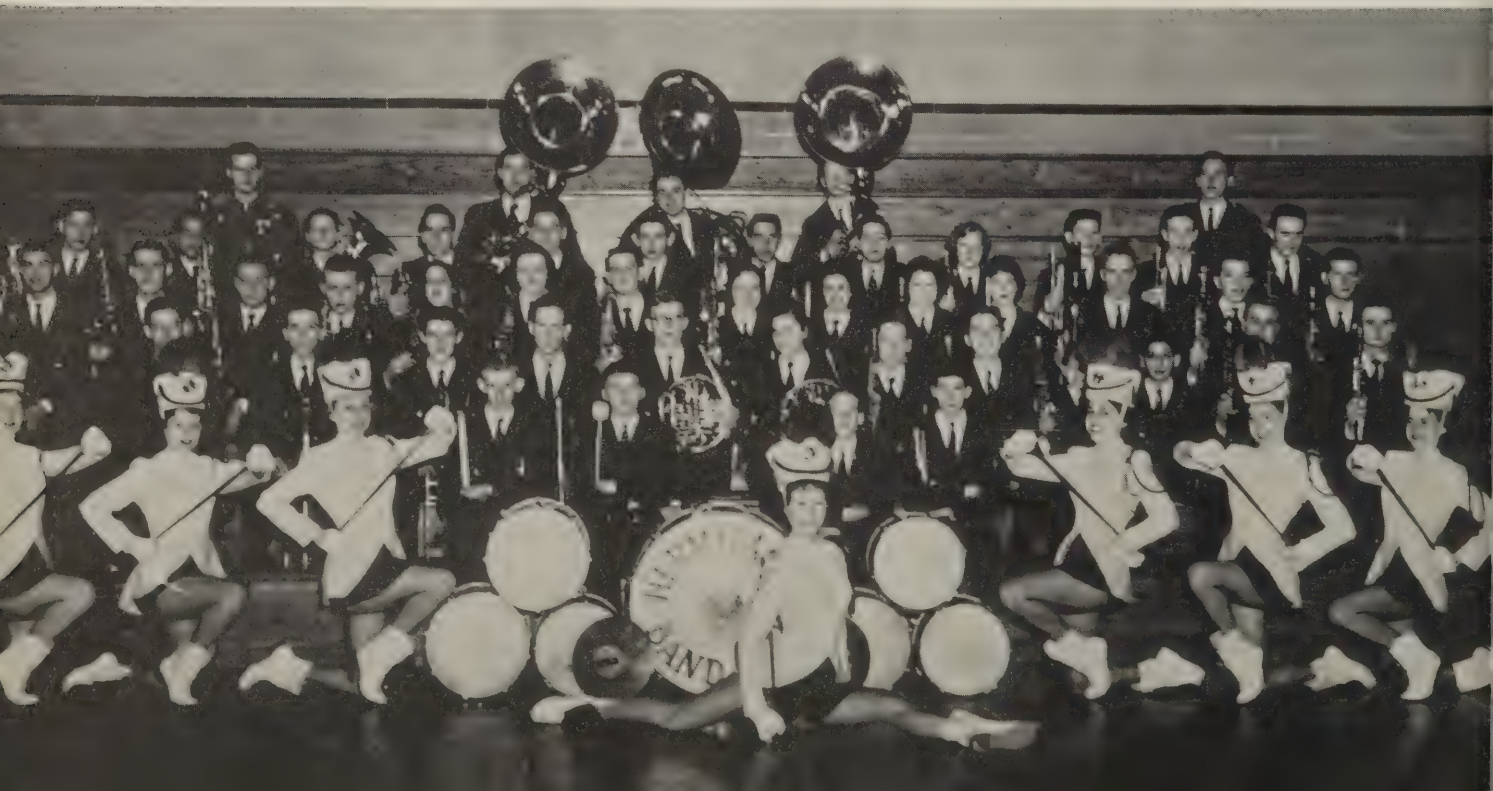

All these groups participated in The State Mu-

sic Festival, the Night of Music, and many were in the Operetta. This year Hermitage was also the host of the All-State Chorus. Our vocal department was well represented at this state-wide function.

To assist the Advanced Band in all of its activities and to promote interest and school spirit at games, pep rallies, parades and all other school functions were the main objectives of the Varsity Majorettes. These eight girls spent extra time preparing special routines.

The Advanced Band has greatly progressed this year and has increased the school spirit. They played at all football games, pep rallies, and also at the Richmond vs. William and Mary game. Playing at assemblies, concerts, parades, musical shows and at the Night of Music has helped each member.

PARADES, DANCES AND ASSEMBLIES

Newly formed this year was the Junior Band. Although just organized it made rapid advances towards becoming an experienced band. They performed for assemblies and various parades.

To represent the school at many functions and to develop skill in baton twirling technique was the aim of the Junior Varsity Majorettes. Attending classes, they were taught by the Varsity Majorettes the fundamentals of marching and baton twirling.

Without the "Keynotes," the music at Heritage would not be complete. Their close harmony was heard at many parties, as well as at assemblies, various community organizations, the Night of Music, functions at other schools and on television. They also participated in the Lions Club

Show, pep rallies and were in the Muscular Dystrophy Parade.

Also formed this year, the Four Flats, a Barber Shop Quartet, rolled into the limelight. They quickly became a part of the Music Department and demonstrated their ability in many performances.

To further the playing and appreciation of good dance band music at H.H.S. was the purpose of the Dance Band. The members of this organization held many practices and worked long and hard in order to perfect their playing skill.

After the home basketball games on Friday nights, the Music Department sponsored "After the Game Dances" to raise money. All of the various sections contributed to make these dances a success.

To further the knowledge of newspaper work for those interested in the lower grades, was the main purpose of the Newspaper Club.

A goal which was worked for and achieved by many of the club members was to write an article which would be printed in the *Panthianette*. In addition to actually writing articles for the paper, a study of the different aspects of newspaper work and how to write news stories in a regular journalistic manner were learned.

On Wednesdays, when the newspaper came out, the members were also seen selling papers in the halls and homerooms to the students who did not subscribe at the beginning of the year.

This club may serve as the foundation for many of our successful news editors of tomorrow.

"Safety" was the watchword of the Road Sparks. The members of this newly organized club strived to prove the importance of safety to both pedestrians and drivers. Programs were presented with guest speakers to impress upon the students the importance of safety in and away from school.

During the year, many safety precautions were taken by the members such as having thorough checkups on their automobiles.

Through this club the students proved that young people are interested in safety and can do much to prevent unnecessary accidents.

To create interest among the female members of our student body, girls were accepted into the club and went by the name of the "Sparkettes."

HELP OTHERS

Many hours of hard work were put in after school as the coaches passed on their knowledge of games to the students.

Afternoon practices and chalk talks proved their worth as the last minute basket or the extra point won the game for the Panthers. Maintaining high grades and keeping up with physical training made the boys mentally alert and physically fit to meet their opponents.

At the end of the various seasons the teams and players were rewarded for their efforts by a winning season and recognition for outstanding achievement.

Adding more pep to the games, the cheerleaders faithfully attended the sports to lead the spectators in cheers. Encouraging the boys on to victory, the girls spent extra hours making up new cheers and perfecting old ones.

All our sports, football, basketball, baseball, track, wrestling and golf added pleasure to our high school life and will be a lasting memory to each student.

A WINNING SEASON

Fighting injuries and flu through-out the season, the Panthers showed outstanding character and spirit in capturing six victories against three defeats and one tie. Hermitage can expect another good team next year because only two of the first string men are seniors.

The color, tradition, and pageantry that go with the great game of football blossomed forth even more this year. The Panthers won the "Little Rose Bowl" by defeating Thomas Jefferson in the biggest game of the season. Highland Springs, another old rival who has never beaten Hermitage, had to settle for a tie.

Breaking out into the open, Emmett Ellen carries the ball downfield.

Coach—Leskover, Captain—Billy Smith

Although the Junior Varsity football team didn't have as successful a season as the Varsity, the boys had a very good time playing and they gained valuable knowledge of the game's fundamentals.

The Baby Panthers had but one player back from the '56 season, and the team should improve next year as some of the boys will be back. Many of them, however, will move up to Varsity.

The J-V cheerleaders added color to the games, supporting the boys. This year for the first time the team played two night games.

J-V BASKETBALL

Hermitage's Junior Varsity basketball squad made a very good showing this year. Most of the boys were inexperienced but they came through in fine style under the coaching of Bobby Tyler.

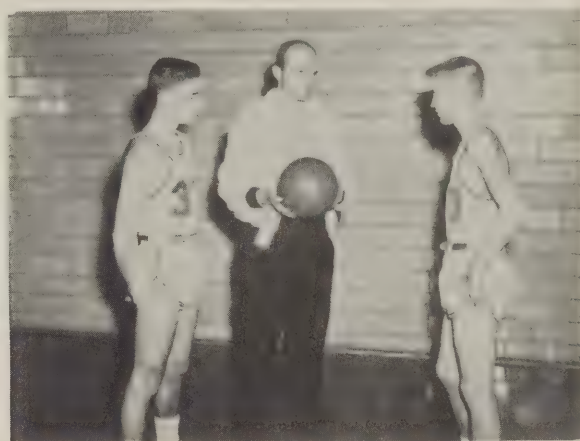

This year was Coach Tyler's first year as J.V. basketball coach and the team's record of ten wins and nine defeats is certainly a tribute to him as well as to the boys.

A traveling team from Canada and the Hermitage Hi-Y basketball squad were both on the schedule this year and the Baby Panthers downed both of them.

This practice gave the boys experience in both teamwork and sportsmanship and formed a good foundation for next year.

Managers Owen Maiden and Johnny Griffith wash team uniforms.

VARSITY BASKETBALL

Team spirit combined with hard work this year to form an outstanding basketball team. The boys began practice long before Christmas and by the beginning of the season were at their peak performance. This was proved by their commendable record of 13-5.

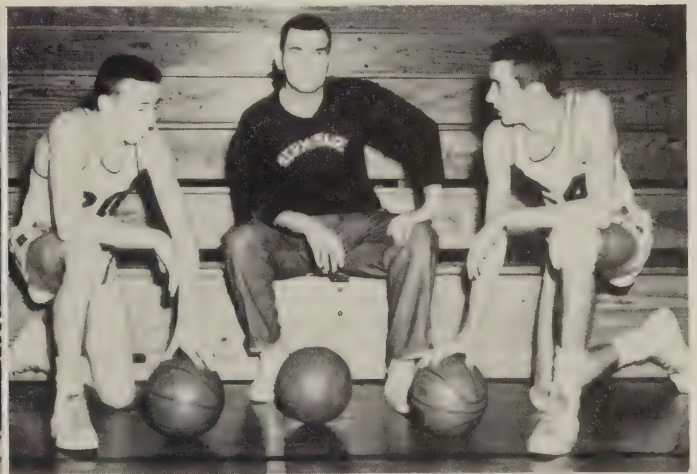

The Panthers provided the spectators with evenings of tense excitement as they dominated the court by their superb ball handling. Win or lose they always gave a good account of themselves, and the school's confidence in them was well founded.

Often, last minute Panther prowess proved disastrous for the opposing team as Hermitage came from behind to win when a clutch shot was made. The never to be forgotten Highland Springs game was one of these in which at the last moment, the strong Panther teamwork showed its superiority.

At the successful close of the regular season the Panthers won a berth in the Central District Tournament. Winning the tournament, they battled for the State Championship but lost out in the first round of play in a close game.

WRESTLING

Co-Captains Jerry Whitlock and Skippy Johnson demonstrate a wrestling hold.

Jerry Hesson, manager, helps Mr. Rogers lay down wrestling mat.

Wrestling at Hermitage is comparatively new, but the interest the students have shown has steadily grown year by year.

This year the team had the best year it has had so far, with a 3-3 record. It finished third in the

district tournament.

Under their coach, Scott Rogers, the members proved their skill. Ably led by Skippy Johnson and Jerry Smither, Co-Captains, the team improved greatly.

WRESTLING TEAM: *Kneeling*—David Hardy, Steve Barnes, Curtis Deane, Jerry Smither, Danny Crooks, Richard Grosch, Skippy Johnson, Jerry Whitlock. *Standing*—Bill Tatum, Curtis Crenshaw, Ronnie McNew, Hampton Wayt, John Milton, Bobby Schenk, Dan Isbell, J. D. Davis, Jerry Hesson.

Guidance, graciousness, generosity, and good food for thought were given to us at Hermitage by our administration.

In the line of guidance, our Principal and Assistant Principal went out of their way to see that each student was headed in the proper direction for the goal he had set out to achieve.

Graciousness was received by each student who was advised by the guidance directors as to the courses of study he should take and also in choosing a college or the proper job station.

Many acts of generosity were performed as the secretaries gave much needed information and advice to the students. Even though many questions caused breaks in their daily typing and filing routine, these assistants always found time to be of help.

Good food for thought was passed on to us from our teachers. Many hours of hard work were spent to help each student grasp the subjects needed. Our extracurricular activities also were made possible by our teachers as many of them gave up their free time to sponsor our clubs and to chaperone our parties.

In future years, our administration will be a group that we shall always remember.

Miss Carlton reads a short story to her class from their literature book.

We shall always remember how excited, yes, and a little frightened, the students were when entering the eighth grade. The ease they acquired and the experiences which were enjoyed in going from class to class and having more than one teacher made them feel important. The freedom enjoyed in the eighth grade made a lasting impression on the students and gave them much to look forward to in the four years which were to follow.

In the ninth grade, which is the first year of real high school life, the students enjoyed many more opportunities. Social activities were opened to the freshman class and they were allowed to choose their courses for future study.

When the students reached their sophomore year, they were considered upperclassmen. The privilege of attending assemblies with the juniors and seniors was most exciting.

In the junior year there was much excitement. Rings were ordered and plans were made for parties and most exciting of all was preparation for the Junior-Senior Prom. This was a most important year for the planning of their future lives.

Yes, there were trying times with tests and home work, but extracurricular activities, cheering at the sports events, and friendships made among our classmates and teachers, made our senior year enjoyable.

SENIOR HISTORY

The Senior Class can well be proud of its achievements through the five years spent at Hermitage.

Being divided because of the opening of Douglas Freeman High School, their record breaking eighth grade class formed lasting bonds of friendship with those classmates now attending both schools.

Their freshman and sophomore years were marked with adjustments to a new, more difficult academic life.

As they became upperclassmen, the seniors took a more active part in jobs of the SCA, club activities, and various sports. For the first time in history, they received their class rings before Christmas, making it a more joyous holiday season for all. To help finance their very elaborate and beautiful prom, they conceived the idea of an old fashioned brunswick stew sale. This proved to be a very successful enterprise for not only did the

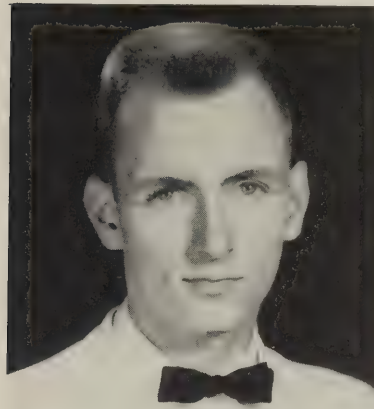

school back this project, but also they received the cooperation of the entire community. Their prom theme, "Fantasyland," was ingeniously carried out by the use of many boxes of pastel tissues.

Finally they became seniors and found real success. Although this year was dated by exams, term papers and senior themes, all was not seriousness. A view from the Empire State Building and a visit to the financial district typified various spots visited by the seniors as they ventured to New York on their senior trip. They established a precedent by going on the journey, after the midterm exams had ended. Approximately one hundred and thirty students went, and all enjoyed themselves thoroughly.

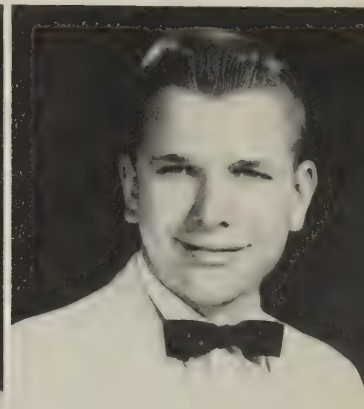

Graduation ended their career at Hermitage, but their memories of past accomplishments will always remain in their minds and in the minds of those who will follow them.

SENIOR TRIP TO NEW YORK

AUDITORIUM

SPRING

1958

Arrival of the yearbook created mild disturbances with the rush to sign each other's book. Many students took advantage of the Hi-Y signing party to get signatures of schoolmates.

A-12: First Row—B. Trivett, B. Smith, C. Wingfield, P. Tierney, J. Anderson. Second Row—J. Zurn, M. Sheehan, B. Wash, D. Wilson, V. Spain, H. Walker. Third Row—M. Vaughan, D. Tomlin, B. Wynne, W. Waple. Fourth Row—B. Ziletti, D. Workman, R. Stinchfield, B. Statton. Fifth Row—M. Welch, A. Ledford, J. Gwaltney, R. Woliver, D. Workman, D. Traylor.

Seniors put their government knowledge to use as they select students to participate in the first annual County Government Day.

The annual language clubs' picnic gets in swing as the food is . . . served?

SPRING ACTIVITIES

Spring brought new interests to Hermitage. With the arrival of warm weather, students began to spent more time outside the building, during breaks and at lunch. They put more energy into school activities also.

The first annual county government day was held and Hermitage representatives, elected by the senior class, stepped into the shoes of county officials, performing their duties for one day.

The science classes joined in presenting a Science Exhibit for the P-TA and student body. Experiments, projects and displays covering general science, biology, chemistry, and physics were on view.

Excitement reached its peak the day the year-book dedication assembly was held. The gym was hushed as "Jo" received her book, the last she would have as a part of HHS as she is leaving to be married.

Then the halls were blocked by signers. The Hi-Y gave a yearbook signing party, and several hundred attended.

The SCA received notice that next year Hermitage would have a foreign student, a girl from Finland. Ritva Peltola, the exchange student, will arrive in America this summer and will reside with the family of sophomore Pattie Mullinix during the school term.

There were many other big moments as the year's work was completed and preparations begun for next fall. The spring, too, brought moments "We Shall Always Remember."

Butch Miller serves his "electronically cooked" hot dogs to students at the Science Fair.

SPRING SPORTS

Spring athletics were as successful this year as winter sports, so successful in fact that Hermitage won the Sportsman Club trophy. The award is given annually to the school in the metropolitan area which has compiled the best won-lost record in all sports, football, basketball, baseball, and track. This was the second consecutive year the Panthers have won the trophy, and Hermitage is the only county school to ever receive it at all.

Coach Leskovar started organized track practice late in February. He constantly checked the boys' times and form and throwing distances in all the various events, to point out their weaknesses and achieve their greatest potential. The Panthers won four of their six meets, three victories being determined in the last two events.

The baseball team also started its practice in February. Coach Tyler molded the boys into one of the best squads Hermitage has ever had. Throughout the season, they were serious challengers for the city and district titles and were a threat to the other teams in the race which was decided in the last days of play. Many members of both the baseball and track teams were participating on varsity squads for the first time, gaining valuable experience for next year.

Numerous players received special recognition for outstanding play. Four were picked on the All Metropolitan team, Sonny Binns, Ray Mills, Gene Alley and Sammy Moore. These boys and Buddy Hampton were selected to the Central District team.

FESTIVAL PLAY

"The Potboiler" won the highest possible rating, a distinguished, in both the district and state play festivals. In addition to being given in competition it was also presented to the P-TA and to the student body.

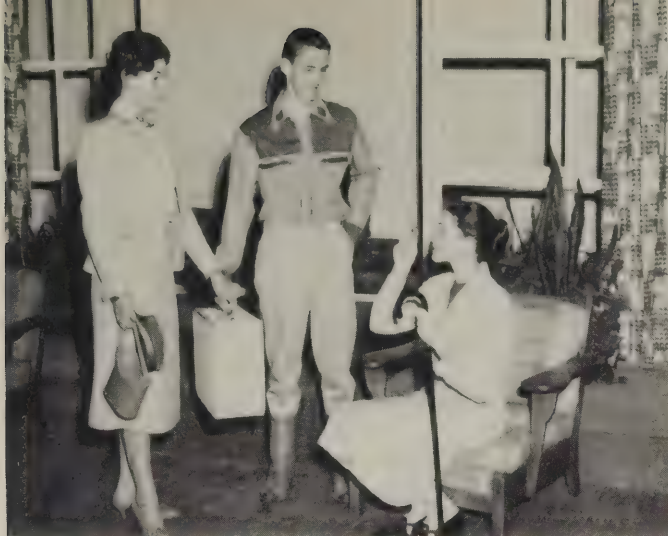

The play, a farce, was actually a play within a play. It satirized the rehearsal of a Broadway production with the temperamental director, young playwright, actors and stagehand all present.

SENIOR PLAY

"Reach for the Moon" was staged as the annual senior play in May. It was a romantic comedy with touches of mystery, set on a dude ranch in the west. The western theme was carried into the decorations for the senior party which followed the production.

HERMITAGE PLAYERS: Stiles Bartley, Jackie Willingham, George Gravely, Betty Morris, Don Terrell, Pat Winter.

HONORARY ACTIVITIES

Hermitage delegates to the annual district forensic meet were Nancy Orrock, Lou-Bette Herrick, Jackie Willingham, and Ginny Hodder. Jackie and Ginny advanced to state competition in poetry reading and public speaking.

The Hermitage Players, created for those who excel in dramatics, tapped six new members into the organization which had been inactive because of the lack of qualified members.

Initiation of new National Honor Society members proved to be quite interesting as Bryan Park was invaded by weird looking creatures dressed in everything from feed sacks to bathing suits and balloon dresses. The students being initiated had been tapped into the honorary society during an impressive spring assembly.

Early and late spring tappings of the Quill and Scroll recognized twenty-four students who had excelled in school publications. A banquet was held at the end of the year to bring together old and new members.

The final day of school brought the traditional Honor Assembly. Seniors had the seats of honor as the year's activities were climaxed. Awards were presented in the school departments, and numerous organizations gave gifts to the school.

NEW NHS MEMBERS: *First Row*—Sheila Petera, Connie Agee, Pat Foster, Carole Richardson, Betty Lou McCarty. *Second Row*—Roger Shaw, Maria Taylor, Judy Brink, John Macrae, Skipper Donahoe.

NEW QUILL AND SCROLL MEMBERS: *First Row*—B. McCarty, M. Samuel, P. Morris, C. Hudson, C. Agee, B. LeSturgeon, K. Battenfield, J. Brink, L. Woodward, C. Richardson, V. Dewsbury. *Second Row*—R. Shaw, J. Macrae, M. Taylor, B. Bruce, P. Foster, D. Harris, G. Hodder, G. Edmonds, J. Willingham, J. Crouch, P. Rich, E. Guthrow, A. Wiltshire.

As couples dance, the bridge forms a beautiful background for pictures.

Lively music and slow waltzes, too, keep the floor filled with dancers.

A geisha girl in an oriental setting, Ann Duke provided entertainment with her graceful act.

JUNIOR-SENIOR PROM

"Japanese Garden" was the theme and setting of the Junior-Senior Prom held May 9. The gym was transformed into an oriental wonderland of wysteria, cherry blossoms and other flowers. At the entrance, there was a small bridge which set the scene and became the favorite spot for pictures. Japanese lanterns strung from white columns framed the dance floor. Girls in beautiful gowns and boys in tuxedos completed the picture.

Work was begun on the big dance, dedicated to the seniors, early in the year. The week of the prom the gym was closed for decorating and the excitement mounted as each couple crossed the bridge into a "Japanese Garden" on the loveliest night of the year for juniors and seniors and their dates.

GRADUATION

Baccalaureate service and commencement exercises brought to a close the high school career of the class of 1958. Dr. A. Purnell Bailey delivered the inspirational sermon on the topic of receiving and gratitude. Commencement speeches, based on "Our Heritage as Hermitage Graduates," "Our Heritage as Americans," and "Our Responsibility to Our Heritage," were given by Joan Ruth, David Scruggs and David Jordan.

One hundred and seventy-four students received their diplomas. Alice Hall won the Balfour Key for the most outstanding senior and David Jordan, the National Honor Society pin for the highest average. The Brook Run Woman's Club cup was awarded to Joan Ruth. Scholarship winners were: Pete Pettit, Hi-Y; Diana Copple, P-TA; and Alice Hall and Richard Puster, Lions Club.

The P-TA gave the seniors a dance and breakfast at the Officers' Club following graduation exercises.

Top—Mr. McKann gives the parting words to the class of 1958. *Center*—David Jordan receives his diploma as a Hermitage graduate. *Bottom*—The big moment having arrived, the seniors await the processional.

Clad in cap and gown, graduates line up outside the school for their entrance.

FINIS

Perhaps the rare moment above all others "We Shall Always Remember" is the joining in one voice by the student body at the honor assembly on the last day of school to sing the alma mater.

There we love, Our Alma Mater,
And thy name we praise.

Hail to thee! Our Alma Mater!

This our song, we raise.

Honor, love, and faith to you,

As the years go by;

We will follow all thy standards,

Hail, Oh! Hermitage High.

There we love, Our Alma Mater,

Glory to thy name,

From your name forever after

We will gain our fame.

Still our hearts shall weave about thee,

Love that cannot die;

We will follow all thy footsteps,

Hail, Oh! Hermitage High.

CONCLUSION

As graduates, we leave our high school days behind. On the threshold of life, we face the future—college, careers, marriage. Looking back, we see where we have matured. They have been five wonderful and important years, years *"We Shall Always Remember."*

"Good Schools Make Good Communities," an oft-quoted slogan says. We at Hermitage feel that the converse of the statement is equally true. Our advertisers, who help to make the yearbook possible; the business men, who provide our students with part-time employment; the professional people, who come to our school to discuss topics of interest with various classes; the industrial plants, which welcome the visits of our students; the local civic organizations, which help the school by buying equipment and giving scholarships to worthy students; our own Parent-Teacher Association, which works closely with the SCA; and the many patrons who support our musical and dramatic productions as well as our athletic contests—all these we shall remember as our friends.

"A good place to work"

Once a year the Parent-Teachers Association sponsors "Back-to-School" Night, when parents may go through the complete schedule of their child. Above, a group of parents sit in on an algebra class and smile as they remember that they, too, were once troubled with, "A can do a piece of work in 12 days . . ."
